Design Description: The C919, a large passenger jet developed and produced by China, is painted in sky blue and earth green. It spreads its wings at a height of 3,000 metres before lifting China's own large passenger jet through nearly 50 years of succession, setting new heights and aviation records in China. The C919, the first manufacturer's aeroplane, was successfully developed, showcasing China's capacity for innovation, technological prowess, brand building, and industry chain integrity. In support of the Hangzhou Asian Games, the C919 will be accompanied with a horizontal panel of the cabin acting as a barrier and the slogan "Heart to Heart, @Future" on it.
