Item:02

Match delay report(#62)

Summary:

Match delay due to a refresh rate problem

Details:

Event: - Street Fighter V: C. E.
Phase: Winners' Bracket Round 2
Unit: 2

There was an issue that happened 1 hour before the scheduled game start time. The HB department in the venue team reported a problem about the mismatching on the refresh rate between the requests from Sport Technical (240hz) Team and HBs (60hz).

Thereafter, the problem was reported to TOs who were on duty, and let the TD make the decision. After the study and discussion among TD, SPT, and HBs, we found a way to solve the problem by adding two DP lanes to transport the signal and make the competition procedure more stable. TD has decided to start the game once the problem was solved, which is 10 minutes after the original scheduled start time.
