### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.

### NOTES

The classification points determine the rank of wrestlers from seventh place. In case of a ranking tie, they will be ranked by analysing the following criteria successively:

1. The most victories by "Fall"
2. The most match wins by superiority
3. The most technical points scored in the whole competition
4. The fewest technical points given in the whole competition

If the place of the wrestlers cannot be determined, they will be ranked equally.
